

INTRODUCING BROKER Agreements

GENERAL PROVISIONS

This Introducing Broker Agreement ("Agreement") establishes the relationship between the Introducing Broker ("IB") and the Company (collectively, "Parties"; individually, "Party"). All interactions, relationships, and cooperation between the IB and the Company will be governed exclusively by this Agreement.

By becoming an Introducing Broker, the IB acknowledges and accepts this Agreement. Should any situation not covered by this Agreement arise, the Company will resolve the matter based on good faith and fairness and, where appropriate, by taking actions consistent with industry practices. The IB agrees that the Company's decision in such cases will be final.

This Agreement does not imply employment. The IB shall not be considered a representative of the Company, and the Company shall not bear any responsibility for the IB's actions or failures to act.

If an introduced customer communicates to the Company that they wish to be unlinked from the IB (an "Unlinked Client"), the Company will cease paying the IB compensation for the Unlinked Client from the date of such communication. The IB shall have no further rights concerning the Unlinked Client.

The Company reserves the right not to recognize any customer as introduced by the IB if the customer did not register through the IB Referral link or did not send a confirmation email requesting to link their account to the IB within 10 days of registration.

· A client or introduced client may request to change from one IB to another; however, the final decision rests with the Company and is at its discretion.

An IB Tier is a status determining the IB Commission value. The IB Tier table is as follows:

- The Company pays the IB Commission for the Client's trades, provided the Client was attracted by the IB.
- The IB Commission will be paid within 30 minutes of referral closed trades.
- A Valid Order is a trade that lasts for 120 seconds or more.
- The IB Commission will be determined by the IB Tier and the type of trading account the Client used for trading the relevant volumes.
- The IB Commission will be paid to the IB's Wallet in U.S. dollars only, regardless of the currencies of the accounts used by the IB's Clients. If the IB's Clients trade on accounts where the Fixed Rate option is applied, the IB's Commission will also be paid out in accordance with the rate applied.
- The IB Tier will be calculated and updated every two months.
- The IB acknowledges that the change of the IB Tier is applied during the IB Commission payout time. No claims of "lost profit" will be accepted.

IB RESTRICTIONS

The IB (Introducing Broker) is prohibited from engaging in the following activities:

- Using any deceptive or fraudulent advertising to promote the Company's services.
- Incorporating and/or using a legal entity containing the Company's name, branding, or other intellectual property.
- Acting as the Company's representative

- Assuming any responsibility on behalf of the Company or placing the Company under any obligations.
- Opening real or demo accounts or registering with the Company's services on behalf of the Client, as well as saving, storing, or disclosing the Client's access credentials or any personal information.
- Providing any advice to the Client regarding trading strategies, or in any other way influencing the Client's decisions. The Company shall not be liable for the consequences of such advice.

- Providing any guarantees and/or promises, as well as making any statements regarding any pay-outs or agreements set forth by the Company.
- If the IB's violation of this Agreement (including unauthorized actions or statements made by the IB) results in legal action(s) against the Company, the IB shall be held liable for all losses incurred by the Company. Losses shall include expenses the Company has incurred or will incur while restoring

its rights and interests (real losses), as well as the revenue the Company would have earned under normal business conditions (lost profit), damage to property interests, or the Company's business reputation as a result of the IB's failure to fulfill its obligations. The IB has no right to dispute the amount the Company claims for damages.

- If the IB violates the terms and conditions of the Agreement (fully or partially), the Company reserves the right to block the IB's trading accounts and Wallet and exclude Clients from the IB's Client list until the IB compensates for the losses the Company has suffered from the breach of the Agreement. User profiles that share the same IP address may be considered as one active profile. Such behavior shall be deemed 'Auto-referral activity' or 'Bulk Registration.'

- If the Client(s) file any complaints against the activities of the IB, the IB shall independently address all such complaints and shall indemnify and hold the Company harmless from any and all claims, injuries, damages, losses, or suits, including attorney fees, arising out of or in connection with such complaints.

IB rules for changing group

When an introduced customer (Client) communicates to the Company their desire to be unlinked from the IB (the "Unlinked Client"), the Company shall cease paying the IB any compensation related to the Unlinked Client from the date of such communication. If the Company determines that a Force Majeure Event exists, the Company may, without prior written notice and at any time, take or omit to take all such actions as it deems reasonably appropriate in these circumstances.

The IB may terminate this Agreement by written notice at any time. The Company may terminate the Agreement by providing at least thirty (30) days written notice of termination unless circumstances necessitate a shorter notice period.

The Company may terminate this Agreement with immediate effect by giving written notice to the IB if:

- The IB, or its principals, directors, officers, and managers are convicted of a crime or serious violation of law that affects their honesty and integrity.

IB Rule

In this plan, if the distance between the entry and exit points of a trader's position is equal to or greater than the amount specified in the table above, the commission or rebate will be awarded to the leader.

Example:

If a trader opens a buy position on gold at a rate of 1930 and then closes it at a rate of 1931.5, the calculation will be as described above.

Swap Long = -25.030

Swap Short = 4.0800

Change to Point:

$C = |\text{Open Price} - \text{Close Price}| * 10^{\text{Digits}}$

$C = |1930.00 - 1931.50| * 10^2$

C = 150 Points

$E = (|-25.030| + |4.0800|) * 0.6$

E = 17.466 Points

If $C \geq E$ then Commission Paid

$150 \geq 17.466 = \text{Commission Paid}$

According to the calculations, the distance between the entry and exit points is more than the specified amount, so the rebate will be awarded to the leader.
